CAL BAR TUTORIAL REVIEW

For over 38 years, a leader in **personalized one-to-one** tutorial review.

Each applicant's test-taking needs **specifically designed** to fit your overall preparation strategy. Cal Bar will design a complete program for you to succeed - or - work with you on just the essay, performance, or MBE sections of the exam.

A **comprehensive program** covering all three sections of the bar will not exceed \$3,500 and includes individual one-to-one and all of your study resources. A **supplemental program** for either the MBE or writing sections of the bar will be less.

Discounts are always available. Cal Bar has always exercised a **“Pay-It-Forward”** policy with any charitable work you have performed in college or law school.

Remote instruction is also available.

You may begin **much sooner** than the usual bar candidate so that you are perfecting and polishing your bar-passing skills when most of your competition is just starting their preparation.

Instruction is also available to help you in **law school**.

One of the oldest programs in California - **time-tested** for over 38 years.
